

Human Services Commission

Meeting Summary

Monday, August 11, 2014, 6:30-8:30 pm

Members Present: Lynn Fleshman, Steve Daschle, Carolyn Mansfield, Val Bays, Jason Dick, Wendy House, Kellen Baker

Staff Present: Brooke Buckingham, Alaric Bien

Public Comment: Sharon Mooers, Olive Crest Regional Development Director for Western Washington spoke about her program and answered questions about the funding application.

July 28 Meeting Summary: Approved

Updates from Commissioners: none

Updates from Staff:

- Staff presented proposed ordinance amendment on eligibility for Commission membership to Council Parks and Human Services Committee. They would like to limit the maximum number of non-city residents to two. The amended ordinance would read, "The commission shall be composed of seven members. At least five of the appointed commissioners shall be residents of the city while two seats may be filled by **nonresidents who live in unincorporated King County on property with a Redmond postal address and/or** individuals working in Redmond regardless of their residency."
- Met with Hopelink staff on possibly modifying family development program to provide more family support services in the schools. Kind of a stretch for them, but they are interested. Staff will continue to follow up with LWSD and other agencies.
- Police have been working actively with homeless outreach staff to contact camps, give them information and resources and warnings to vacate before enforcing later on this week.

New Business

Reviewed applications within the Supportive Relationship Category

Commission discussed ratings on applications within this category and discussed plan for decision making. Commissioners will make any updates to ratings by Wednesday and staff will provide updated summary by Friday.
