- For estimates please contact a Permit Technician at 425-556-2473 or [permittech@redmond.gov](mailto:permittech@redmond.gov).
- Electrical, Mechanical and Plumbing permits are issued separately, see applicable fee schedules.
- **Definition of Valuation:** The value of construction shall be based on the value of the work that is being performed. The total value of work shall include materials and labor for which the permit is being sought for. For the construction of new buildings, the building valuation data table located on [www.redmond.gov/permitfees](http://www.redmond.gov/permitfees) shall be used for new square footage based off of type of construction and occupancy.

How to calculate fees:

**Step 1:** Take total valuation of project and find the range in the Building Permit Fee Table.

**Step 2:** For applicable plan review fees add Fire, Planning, Public Works fees and 65% of the Building permit fee.

**Step 3:** Add a 3% Technology Surcharge fee (applied to the total permit fee).

**Step 4:** Add a \$4.50 State Building Code surcharge.

Please note at time of submittal we collect Plan review, planning, public works, fire fees and technology surcharge. At issuance the following fees are paid in full: adjusted plan review fees, permit fee, state building code surcharge, and impact fees.
