

Statistical Section

This part of the City of Redmond's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Contents	Page
Financial Trends These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	124
Revenue Capacity These schedules contain information to help the reader assess the City's tax revenue sources.	130
Debt Capacity These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	135
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.	140
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.	142

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The City implemented GASB Statement 34 in 2002; schedules presenting government-wide information include information beginning in that year.

Schedule 1
