

THE CITY OF REDMOND FIRE DEPARTMENT PREVENTION DIVISION

Owner's Declaration of Fire Alarm Certifying (U.L.) or Placarding (F.M.) Company

Owner name: _____ Agent Name: _____

Site address: _____

Project name: _____

Owner/Agent Phone: _____ Owner/Agent /Fax: _____

I understand that the fire alarm system required for the above project is a single system for which the building owner is responsible, and which is to be designed to meet Redmond Fire Department Standard 9, and NFPA 72 requirements for Central Station Service. As such, my bid specifications and contracts require the system to meet the requirements of Central Station Service, and be certificated (U.L.) or placarded (F.M.), in accordance with the options identified in NFPA 72 for Central Station Service and third party verification.

I have identified below, the Fire Alarm Company I will be hiring to provide Certification or Placarding of this building's fire alarm system:

A UUFX listed full service central station company.

Date of Compliance: _____

A UUFX listed Fire Alarm Service-Local Company.

Company issuing Certificate/Placard: _____

Company Address: _____

Contact Name: _____

Listing Number: _____

Company Phone: _____

I understand the following:

- The system installation permit will not be approved and issued by the Fire Department unless an approved company has been identified above.
- The system installation will not be signed off nor an occupancy permit issued until the fire inspector verifies a certificate (or placard) is on site, or receives a copy of an acceptable "request for certificate" receipted and numbered by Underwriter's Laboratories (or similar for a Factory Mutual system).

(Do not sign this form unless you understand what it requires. If you have questions, please contact a Redmond Fire Prevention staff member.)

Signature of Owner or Owner's agent for all activities at the building.
